“The competition for our Gold Show program is always fun and exciting to watch,” says CAA CEO Rob Smith. “Our members take great pride in their show cattle. The Gold Show program is a tremendous opportunity to display premium Angus genetics to fellow Angus producers, cattle folk from other breeds, beef industry influencers and the public at large.

“This year we were also incredibly honoured and humbled to see Angus genetics capture top honours throughout Agribition at the Supreme, Junior and Commercial pen and purebred shows. Our members can take great pride in their investment in their show cattle. Clearly, it paid off for many of them.”

The Canadian Angus Gold Show **All-Star Team awards** were also announced as follows:

The winners were recognized at Canadian Western Agribition in Regina, Saskatchewan on Friday, November 25. The Canadian Angus Association congratulates the winners and thanks all who participated in the Gold Show program in 2016. The 'All-Star' awards were first presented in 2012 making this year the fifth annual recognition.

The Gold Show program was developed in 1989 by the Canadian Angus Association to provide an incentive for breeders to move between regions to show cattle. Gold Show winners are determined by the animals that earned the highest number of points in three Gold Shows. If an animal accumulated points in more

than three Gold Shows, the points from their best three shows were used in determining end-of-year awards.

The Canadian Angus Association is Canada's largest purebred beef breed organization. The Association represents 2,800 members across Canada for the purposes of registering and recording the pedigrees of purebred Angus cattle in the closed Herd Book and promoting the breed across Canada. The member-approved mandate is to maintain breed registry, breed purity and provide services that enhance the growth and position of the Angus breed.
