**Canadian Red Angus Excel at American
National Show**

February 11, 2014: for immediate release

Rocky View County, AB — Canadian Red Angus cattle saw success at the recent Fort Worth Stock Show and Rodeo in Fort Worth, Texas. Cattle were evaluated on February 2 with a stout selection of Red Angus females and bulls. Canadians brought home two of the top champions at what was this year's National Red Angus Show, named by the Red Angus Association of America.

Northline Angus of Ardrossan, Alberta received Grand Champion Female with Red Northline Plush 122Z, a summer heifer yearling. The female is also co-owned with TNF Red Angus of Sturgeon County, Alberta.

Receiving Grand Champion Bull was Red Lazy MC Trooper 21Y, bred by Clint Morasch and family of Lazy MC Angus of Bassano, Alberta and co-owned with Lakeview Ag and Livestock of American Falls, Idaho with their senior bull.

"Fort Worth always offers great Texas hospitality known as a great cattle event and for our Canadians to come home as champions, they must be extremely proud," said Rob Smith, CAA CEO. "Our Association is humbled for our members' recent successes south of the border."

The Fort Worth Stock Show held its first show in the year 1896 and today can see single-day record attendance of more than 150,000 visitors. Next year's event will run January 16 – February 7, 2015.

The Canadian Angus Association is Canada's largest purebred beef breed organization. The Association represents 3,000 members across Canada for the purposes of registering and recording the pedigrees of purebred Angus cattle in the closed Herd Book and promoting the breed across Canada. The member-approved mandate is to maintain breed registry, breed purity and provide services that enhance the growth and position of the Angus breed.
